### EXPLANATION OF CHART

The Weekly Period Chart shows the date of commencement of occupancy of each week for 112 years. To use the chart – take the week number from the top and looking down the column will give you your occupancy date for any year. Weeks run from Saturday to Saturday, with the exception of Weekly Periods 1, 2, 51 and 52 which are related to fixed dates in order to avoid changeover dates falling on Christmas Day, Boxing Day or New Year's Day. For weeks 27-52 see overleaf.

**CHANGEOVER DAYS:** Saturday for all apartments except during weeks 1, 2, 51 and 52 which have fixed dates.

### EXPLANATION OF CHART

The Weekly Period Chart shows the date of commencement of occupancy of each week for 112 years. To use the chart – take the week number from the top and looking down the column will give you your occupancy date for any year. Weeks run from Saturday to Saturday, with the exception of Weekly Periods 1, 2, 51 and 52 which are related to fixed dates in order to avoid changeover dates falling on Christmas Day, Boxing Day or New Year's Day. For weeks 1-26 see overleaf.

**CHANGEOVER DAYS:** Saturday for all apartments except during weeks 1, 2, 51 and 52 which have fixed dates.
